

## Linda Hornbuckle

Linda Hornbuckle began singing at the age of 6 in the Grace & Truth Pentecostal Church, postured by her father, Bishop H. Hornbuckle in Portland, Oregon. She began thrilling audiences in the Pacific Northwest, Europe, Canada, and across the United States in a variety of unique and different capacities; back-up singer for major touring acts and as the front person for many other bands. NOW... Linda is taking the controls of her own ship and has launched her voyage into stardom as a Solo Act, simply called; "Linda Hornbuckle", with one of the finest set of musicians in the Northwest.

Linda's music is considered to be a soul-tinged hybrid that incorporates elements of her Gospel background with a full-bodied funk that showcases her phenomenal vocal style which at times sweeps across a smoky, soulful landscape with confident world class control.
